

Concerned about Global Warming?

Learn how green building methods can create lasting beauty while reducing impact on the environment. Spend a weekend with us helping to build the first strawbale structure in San Jose, or just come to the talk on Friday.

<p>Presentation and slide show: Michele Landegger is a natural builder, president of <i>Boa Constructor Building and Design</i> (http://www.buildingnaturally.com), and contractor for and co-designer of the Santa Cruz strawbale home pictured above. Michele's talk will cover:</p> <ul style="list-style-type: none">• Building with Strawbale• Natural Building Techniques• Ecological Remodeling	<p>Friday April 11, 2008 7:00 – 9:30 PM 200 E. Santa Clara St. (San Jose City Hall) San Jose, CA 95113</p>
<p>Bale-Raising Workshop: Get a green workout hoisting bales into a post-and-beam structure far stronger than what the first little pig built. Join us for a fun, educational, community effort as we create a strawbale art studio. (An Earthen Plastering workshop will follow in May.)</p>	<p>Saturday and Sunday April 12-13, 2008 10:00 AM – 5:00 PM Shasta-Hanchett San Jose, CA 95126</p>
